About Wine Rose

Wine Rose is the offspring of my personal quest for knowledge and understanding of the wine world that I pursue since almost 20 years.

My mission is to help you see wine as an enriching endless journey, this was the original idea behind the company's logo, the Wine Rose.

Since 2020, the multimedia series joined the array of products and services I propose.

So far, these series span over the regions of Barolo, Switzerland and Portugal.

In the near future I hope them to cover all the major European wine producing areas.

For any further information or orders, please contact me directly and I will be more than glad to assist you in your choice.
